

Superior Fertilisers Biological Fertilisers

Complete NPK, Mineral & Biology

- Compounded / blend of NPK and Bio-Phosphate
- Fast releasing - Slow leaching
- Bio-Activated for Enhanced Plant Uptake
- Includes Australian Soft Rock Phosphates
- Designed for Australian Soil Conditions

Superior Fertilisers NPK Mineral Fertilisers combine state of the art with traditional fertiliser technology, resulting in efficient, balanced, cost effective cropping fertilisers.

The result is faster longer lasting complete nutrition, creating strong consistent growth over mixed soil types and robust plants to withstand stress conditions.

Plus long term benefits including: Improved soil conditions from biological activity, compaction relief, deeper root growth and associated humus increases...
