Fertiliser for Life

# ECO-PRIME<sup>®</sup> PHOSPOT

**Organic rock mineral fertiliser for Pasture, Orchards & Vegetables**

**KEY BENEFITS:**

- Long Lasting Controlled Release
- Suitable for Saline Soils
- Biologically Activated

Eco-Prime<sup>®</sup> PhosPot is a premium, biologically enhanced soft-rock Phosphate (SRP), Potassium and complete trace fertiliser suitable for use in both conventional and organic farming systems.

Eco-Prime<sup>®</sup> PhosPot supplies balanced nutrition without Nitrogen (N). This makes it ideal for plants requiring low N such as red apples, pastures and legume crops. Eco-Prime<sup>®</sup> PhosPot is a low salt index fertiliser and contains Phosphorus (P) in a natural non leaching form. This enhances its suitability for use in saline and coastal environments, including areas with sensitivity to P leaching. Eco-Prime<sup>®</sup> PhosPot is also suited to highly acidic / aluminium rich soils, where it can provide additional buffering.

For best results, apply Phospot with Humus 400 and Eco-Vital, especially in high pH soils.

TYPICAL ANALYSIS			
Eco-Prime <sup>®</sup> Phospot (0-10-6-4)		w/w%	w/w%
<b>Phosphorus (P)</b>			
P as water soluble	0.7%	<b>Calcium (Ca)</b> as phosphate & complex	18.8%
P as citrate soluble	7.5%	<b>Magnesium (Mg)</b> as mineral complex	0.7%
P as citrate insoluble	1.6%	<b>Silicon (Si)</b> as silicate complex	16.0%
P Total	9.8%	<b>Carbon (C)</b> as mineral complex	0.2%
<b>Potassium (K)</b>		<b>Iron (Fe)</b> as phosphate complex	1.6%
K as sulphate	5.7%	<b>Manganese (Mn)</b> as sulphate	0.16%
K as mineral complex	0.4%	<b>Zinc (Zn)</b> as mineral complex	0.05%
K Total	6.1%	<b>Copper (Cu)</b> as mineral complex	0.04%
<b>Sulphur (S)</b>		<b>Cobalt (Co)</b> as mineral complex	0.008%
S as sulphate	2.6%		
S as mineral complex	1.1%		
S Total	3.7%		

CROP/PLANT TYPE	RATE	TIMING
Pasture	80-100kg/ha	As required
Pasture (Irrigated)	150-250kg/ha	
Orchards	500g/tree	As required
Wine grapes (Under vine)	250-450kg/ha	As required
Wine grapes (Inter-row cropping)	100-200kg/ha	
Vegetables	500+kg/ha	As required

AVAILABLE IN 25KG & 500KG/1 TONNE BULKA BAGS | FOR ALTERNATIVE USES OR APPLICATIONS PLEASE CONTACT YOUR ECO GROWTH<sup>®</sup> NUTRITIONAL EXPERT.

# Feed the soil to feed the plant

Nutrition is not just about analysis, but nutrient availability and Eco Advance® makes the connection between fertiliser, soil and plant in a powerful symbiotic relationship.

Eco Advance® premium biology is a proprietary blend of beneficial biology and bio-stimulants that have been developed by Eco Growth over the past 20 years. Including beneficial microbe strains such as Fungi and Bacillus (ie: *B.megaterium* and *B.subtilis*). Eco Advance® is a specially formulated blend of targeted microbiology that improves nutrient availability, soil structure, increased resistance and buffering capacity along with many other soil and plant benefits.

## COMPLEMENT YOUR GRANULAR PROGRAM WITH OUR PREMIUM LIQUID FERTILISERS

Our chelate complex liquids are designed to penetrate the leaf quickly and effectively, but not deposit harmful chlorides or damaging salts, which can cause plant damage and encourage fungal and insect attack.

### Eco-Vital®

A Commercial Strength Liquid Seaweed & Fish Fertiliser designed for a fast response.

Rich in natural Nitrogen, Phosphorous, Potassium, Calcium, 15+ Trace / Rare-Earth elements, +natural growth regulators.

### Express NPK

A premium, fast acting and complete liquid fertiliser providing highly available N, P & K with a balance of chelated Trace Elements.

Ideal for a wide variety of crops and plants, Express® NPK improves fruit size whilst maintaining colour & quality.

### Eco-Humate

Liquid Humic Acid (alkali pH), lifts soil Cation Exchange Capacity (CEC).

Holds water and boosts nutrient availability in the soil, by forming a humus complex.

Protects plants from salts and toxins such as Aluminium, whilst boosting beneficial microbe activity.
