Fertiliser for Life

MACADAMIA FERTILISERS

Balanced fertiliser designed specifically for macadamias

BENEFITS INCLUDE:

- Eco Advance® Premium Biology brings your soil to life
- Custom Blends means every application is balanced and complete
- More than NPK - Calcium, Silicon, Carbon and T.E are all included
- Build strong long-life high yielding orchards from the ground up with Eco Growth

Eco Growth macadamia fertilisers have been specifically formulated to deliver plant available, mineral based nutrients naturally rich in trace elements. The Eco Growth macadamia fertiliser range is enhanced with the addition of Eco Advance® premium biology.

Our proprietary blend of beneficial biology has been developed over the last 25 years and drives the connection between fertiliser, soil and crop in a powerful symbiotic relationship.

The outcomes are:

- Increased utilisation, cycling and ongoing availability of applied nutrients
- Increased capacity for the soil to hold nutrients readily available but less likely to leach
- Increased water holding capacity.
- Improved soil health including friability and porosity
- Active resistance to soil pathogens and pests.

ECO GROWTH CUSTOM BLENDS SPECIFIC FOR YOUR CROP AND SOIL

Eco Growth have the unique ability to produce bulk custom blends of biologically activated granular fertilisers specifically for your soil.

By conducting paddock-specific soil tests and providing current agronomic advice, a single custom blend can meet most crop nutrient requirements while saving you time and money. The majority of our base ingredients are sourced locally and custom blends are available in 25kg bags, 1 tonne bulka bags or bulk loads.

Eco Growth fertilisers address the increasing imbalances in both soil and plant by manufacturing a range of balanced fertilisers that have a solid base of NPK, silicate, calcium and trace elements enhanced with the addition of Eco Advance® premium biology.

Ordering your blend is as easy as 1, 2, 3

1

Our trained nutritional specialists discuss your crop needs & analyse your soil/ leaf test results

2

Our specialists design and price your custom blend

3

We manufacture and dispatch your custom blend fertiliser

COMMERCIAL STRENGTH LIQUID FERTILISERS Available from 1L through to 1000L IBC or bulk

Our chelated and complexed liquids are designed to penetrate the leaf quickly and effectively, but not deposit harmful chlorides or damaging salts, which can cause plant damage and encourage fungal and insect attack.
