Fertiliser for Life

PRIME GARDEN

General-purpose, complete rock-mineral based fertiliser

KEY BENEFITS:

- **Balanced nutrition**
- **Gentle response**
- **Nutrient dense**
- **Biologically Activated**

Eco Growth Prime Garden is a complete and balanced rock-mineral based fertiliser designed for general purpose use in all soil types and across a broad range of landscape applications including ornamentals and fruit trees.

Enhanced with our Eco Advance® Premium Biology - including mycorrhizal fungi and Nitrogen-fixing bacteria - Eco Growth Prime Garden stimulates root development, shoot growth and fruiting quality through natural ingredients including mineral based NPK, coupled with balanced Calcium, Magnesium and trace elements.

For best results, use in conjunction with Eco Growth's Eco-Wet®.
