Fertiliser for Life

VEGETABLE FERTILISERS

Feed the soil to feed the plant

BENEFITS INCLUDE:

- Biological enhancement for microbial soil activation
- Naturally high in Calcium and Silicon
- Unlock sequestered nutrients e.g phosphate
- Complete trace element and mineral availability
- Builds soil structure and promotes strong root development
- Enhanced pest and disease resistance
- Great improvements in soil, plant and human health

Soil health is the key to high yielding, great tasting nutritious vegetables. With that in mind, Eco Growth Vegetable Fertilisers deliver balanced, plant available mineral based nutrients, naturally rich in trace elements, without compromising NPK strength.

Eco Growth Vegetable Fertilisers work in harmony with your soil. They enable your soil's amazing natural capacity to work for you, boosting crop yield and quality.

We use specific, proprietary blended, beneficial biology to connect fertiliser, soil and crop in a productive symbiotic relationship. Our beneficial biology boosts local indigenous biology, to actively improve resistance to pathogens and pests.

At Eco Growth we understand how to develop healthy and robust soils that are capable of standing up to the rigours of intensive horticulture.

ECO GROWTH CUSTOM BLENDS SPECIFIC FOR YOUR CROP AND SOIL

Eco Growth have the unique ability to produce bulk custom blends of biologically activated granular fertilisers specifically for your soil.

By conducting paddock-specific soil tests and providing current agronomic advice, a single custom blend can meet most crop nutrient requirements while saving you time and money. The majority of our base ingredients are sourced locally and custom blends are available in 25kg bags, 1 tonne bulka bags or bulk loads.

Eco Growth fertilisers address the increasing imbalances in both soil and plant by manufacturing a range of balanced fertilisers that have a solid base of NPK, silicate, calcium and trace elements enhanced with the addition of Eco Advance® premium biology.

Ordering your blend is as easy as 1, 2, 3

1

Our trained nutritional specialists discuss your crop needs & analyse your soil/ leaf test results

2

Our specialists design and price your custom blend

3

We manufacture and dispatch your custom blend fertiliser

Eco Growth is Australia's leading manufacturer of biologically activated fertilisers

COMMERCIAL STRENGTH LIQUID FERTILISERS Available from 1L through to 1000L IBC or bulk

Our chelated and complexed liquids are designed to penetrate the leaf quickly and effectively, but not deposit harmful chlorides or damaging salts, which can cause plant damage and encourage fungal and insect attack.

Product (%w/v)	%N	%P	%K	%S	%Ca	%Mg	%Fe	%Si	%C	Zn ppm	Mn ppm	Cu ppm	Mo ppm	B ppm	Co ppm	% HUMIC ACID	% FULVIC ACID
