Typical uses and benefits include:

- Balanced nutrition
- Gentle response
- Nutrient-dense
- Biologically activated

The BKH range is rich in natural minerals and enhanced with EcoAdvance® premium biology, Potassium and Boron. SF30 BKH is a complete and balanced rock mineral-based fertiliser designed for general-purpose use across a broad range of landscape applications, horticultural crops and soil types.

Enhanced with our EcoAdvance® premium biology - including mycorrhizal fungi and Nitrogen-fixing bacteria - SF30 BKH stimulates root development, shoot growth and fruiting quality through natural ingredients including mineral-based NPK, coupled with balanced Calcium, Magnesium and trace elements.

fertiliser for life
