express® NK +TE	23	1.7	4.4	0.2		0.05	0.05			507	526	360	55	124	25		

Typical uses and benefits include:

- Ideal for structural development and growth.
- An efficient N source with added trace elements.

Express® NK +TE is a high nitrogen liquid fertiliser, balanced with phosphorus, potassium and a full chelated trace.

Express® NK +TE delivers growth and strength, suited to high-production crops, where yield is the goal without sacrificing quality. Express® NK +TE is suited to harsh conditions where other nitrogen sources fail to deliver such as arid environments and semi-sodic conditions.

Express® NK +TE can be applied foliar or to the soil through in-furrow techniques and drip irrigation. Express® NK +TE is gentler than average liquid nitrogen fertiliser products, ensuring it is softer to handle and less corrosive on machinery fittings.

fertiliser for life

AVAILABLE IN 20L, 200L, IBC & BULK

For alternative applications or to arrange a soil/plant test please contact your Ecogrowth® nutritional expert.

fruit quality

APPLICATION RATES

Crop	Rate	Notes
TREE CROPS (Pome, Stone, Nuts, Mangoes, Avocados)	8-15L/ha soil 1:300 min. dilution	Apply as required for structural development and fruit sizing. Avoid high rates at flowering and on Red Pome fruit. Favour higher rates of water on sensitive varieties.
VINES WINE	5L/ha soil 1:300 min. dilution	Apply as required while fruit sizing.
VINES TABLE	5-8L/ha soil 1:200 min. dilution	Apply as required while fruit sizing.
VEGETABLES	2.5-3.5L/ha foliar 5-15L/ha soil 1:250 min. dilution	Apply when the leaf area is sufficient to accept spray. Repeat as required. Favour higher rates of water on sensitive varieties.
TURF	5-15L/ha 50-150mL/100m ² 1:80 min. dilution	Water in for best results.
BROADACRE & PASTURE	15-35L/ha foliar 5-50L/ha furrow	Apply as required. In-furrow treatment should be banded away from seed at lower water rates.

COMPLEMENTARY PRODUCTS

ECO-VITAL[®]

A premium natural kelp and fish liquid fertiliser.

potassium SILICATE

Premium silica & potassium liquid fertiliser.

ECO-HUMATE

Concentrated liquid humus soil conditioner.
